

Our Pre-qualified suppliers of Corporate Clothing, Workwear and PPE are ready to take your order.

Looking for suppliers of Corporate Clothing, Workwear or Personal Protective Equipment (PPE)?

Local Buy has over 50 pre-qualified suppliers available to assist councils and other purchasers with their Corporate Clothing, Workwear & PPE needs throughout Queensland and the Northern Territory through our LGA Arrangement **(BUS271)**. This extends to services such as screen printing, embroidery, heat seals and made to measure which are also included under this arrangement. All suppliers have gone through a tender process and met the requirements of the Local Government Act 2009 (Qld) and Local Government Regulation 2012 (Qld).

Whilst the various provisions of the Queensland Local Government Act and Regulation don't apply directly to the Northern Territory, the same reasoning for deciding to set up this type of arrangement applies. Purchasing through this arrangement is a cost-effective solution, and the necessary due diligence has been completed to ensure all suppliers have the capacity and capability to deliver under the contract.

Pre-Qualified Suppliers include:
