# ABOUT NPN

The NPN allows councils to engage with suppliers over the Procurement Thresholds without performing Tenders or Requests for Quotes within Queensland, Northern Territory, NSW, Victoria, South Australia and Tasmania.

Local Government Procurement is costly, time consuming and must comply with the Local Government Regulations. Councils need to manage fraud and corruption risks and must also comply with the relevant states Audit Office standards.

The NPN members help Council meet legislative, reputation and compliance needs, simplifying the process by connecting councils to pre-qualified suppliers, big and small. This saves time and money and reduces councils' need to tender, advertise and prepare contracts.

NPN arrangements are compliant with the relevant Local Government Regulations.
